SHODEN OPENS ITS DOORS – 2000

ABOUT SHODEN

- Shoden Data Systems is celebrating its ten-year anniversary this year.
- Shoden provides high-end, innovative solutions and technologies to leading organisations across Africa and Europe.
- Shoden delivers the 'data centre advantage' through understanding clients' challenges and implementing customised and optimised solutions, coupled with excellent service and support.
- Shoden strives to be 'easy to do business with'.
- Shoden's ethos is one of partnerships built on integrity and trust.
- The company has achieved a level 4 BBBEE rating and is a value-adding supplier.
- Shoden currently employs 135 people.
- The company sponsored the start-up of Shoden Academy, a niche IT training company specialising in storage, systems development, IT foundations and the practical applications of skills learned.
